1ST GEOTECH ASIA

Pre-conference Workshop on **FORENSIC GEOTECHNICAL ENGINEERING FOR NATURAL HAZARDS IMPACTS**

Organized by ISSMGE TC-302 Forensic Geotechnical Engineering, this one-day symposium precedes the Geotech Asia 2025 Conference. It is part of a global series (Asia, Europe, Africa, South America, North America) that shares regional insights on natural hazards, forensic investigations and emerging technologies. Proceedings will include extended abstracts, contributing to a global monograph of challenges and experiences worldwide
